Refuse Disposal in Aschaffenburg

Organic Waste	Waste Paper	Plastic Bags
 A brown colored bio-can for compostable refuse will be added to each garbage can and alternately emptied every 14 days, in summer weekly (15.05. – 15.09.) What belongs in the organic waste can Kitchen waste • Remands after salad and vegetable cleaning • Fruit peels and scraps • Coffee and tea filters with content • Egg shells • Cooked and raw food scraps, bones, fish bones and spoiled food Hygiene paper • Facial tissues • Paper towels Garden waste • Bush and tree clippings (small quantities) • Cut flowers • Grass/lawn clippings • Weeds • Windfall-fruits Important! • Kitchen waste shall always be wrapped in newspaper to bind odour coursing moisture Not in the organic waste-can belong: • Rocks, glass, metal • Plastic • Cigarette stub • Brushing • Cat litter Larger quantities of garden waste can be disposed of directly at the composting facility Obernburger Straße or at the recycling yards.	 On request we will provide you with a blue-coloured paper-can, will be picked it up in a 4-weeks cycle (Request in writing by the proprietor, to be submitted to the municipal utility of Aschaffenburg). Additional, clubs and charity societies collecting waste paper on appointed days, announced in the recycling calendar "Stadtwerke Kalender" Recyclable paper waste stands for: • Newspapers • Magazines • Catalogues • Letters and writing paper • Cardboard • Paper bags and many other shreds that we came across daily This is not recyclable paper waste: • Plastic • Composite materials (milk and juice cartons, and many others) • Heavily soiled paper • Wallpaper • Sanitary paper • Parchment paper • Photo based paper Larger quantities of waste paper can be disposed on the recycling yards (Fürther Straße and Mörswiesenstraße).	 To collect these plastics you will be provided with yellow bags marked "Der Gelbe Sack" (The yellow bag) These bags can be obtained free of charge at any Shop Partner of the municipal utility of Aschaffenburg, the city hall, the composting facility, the recycling yards and the customer centre Werkstraße. Filled recycling bags are picked up once a month at the street. Recycling bags obviously contain other materials than the ones specified, will be left behind. Recyclable plastic waste is: • Plastic packages • Detergent bottles • Foils and bags • Yoghurt cups • Drink cartons Not to be placed in the recycling bag: • Foamed materials (i.e. Styrofoam) • Shell molds • Rubber • Vinyl flooring • Cans • Glass • Paper • Non-Recyclable Waste • Al not packaging materials

Refuse Disposal in Aschaffenburg

Hazardous Waste	Bulk Refuse	Non-Recyclable Waste
 Hazardous waste is, under any circumstances, to be separated from household refuse, as it may create hazards during any kind of processing or storing. It can be disposed of at the recycling yard "Fürther Straße" or the "Schadstoffmobil" (Hazardous waste vehicle). Pick-ups will be performed in all City Districts of Aschaffenburg, after being previously announced in the in the recycling calendar "Stadtwerke Kalender". Examples for Hazardous waste: - Batteries, accumulator batteries, round cells - Medication - Thinner, paint brush cleaner, solvents - Acid and lye - Mercury thermometers - Fluorescent light tubes - Spray cans - Paint, varnish, wood preservative - Penetrative household detergent - Disinfectant - Pesticide - Chemicals Attention! - Never combine hazardous waste - Lock boxes hard - Leaf it in the original box - Switching hazardous waste on the street is permit. Not taken waste: - Compressed gas cylinder - Munitions, explosives, fire-works	 Bulk refuse is picked-up upon request in Aschaffenburg. You have the opportunity to request you bulk refuse to be picked-up free of charge, 2 times a year. Therefore, please use the double-card in your recycling calendar. Please inform of the type of bulk refuse, so all the recyclable materials therein can be disposed of. No bulk refuse are: - Trade, business and industrial waste - Building rubble - Junk cars and car parts - Items heavier as 75kg or bigger than 2m - Night-storage heater Tree clippings  Tree clippings are picked-up free of charge twice a year, up to 1m³ (April and November). Larger quantities can be picked up against payment. Please inform you on the recycling yard or under: ☎ (06021) 391 – 3823 You will find a Request-card in the recycling calendar "Stadtwerke Kalender".	 In spite of selective and separated collection and pick-up of refuse and recyclable materials, some waste remains that must be disposed of. On principle non-recyclable waste should be avoided as far as possible to begin with. The black garbage-can will be emptied al 14 days, with green top al 4 weeks. Waste belonging in the garbage can: - Office supplies - Bicycle tire / tube „hard“ plastics (PS, PVC) - Rubber foam - Wallpaper - Disposal diapers and hygiene napkins - Bulbs - Tapes - Cigarette stubs and ashes - Candles - Medical articles (Plasters; bandages, impenvious packet syringes) Not to be placed in the garbage can: - Building rubble - Energy saving lamps - Neon lamps - Electrical devices - Batteries - Hazardous waste Please consider: Costs for the disposal of waste remnants will keep rising in the future. The collection of recyclable waste, however, in some cases is paid for. And.... a smaller garbage can is cheaper – so to say who decreases remnant waste, saves money at the same time.

Refuse Disposal in Aschaffenburg

Recycling Glass	Metals	Recycling Yard
 Containers for recycling glass in your household, stand on many public places. Clear, brown and green glass is collected separately. Glass of different colour (e.g. blue glass) must be thrown into the green compartment. Please consider the insertion times: Before 7:00 a.m., after 8:00 p.m., Sundays and bank holidays, no insertion! In the containers for glass belongs: • All glass containers used in a household What does not belong in the containers for glass: • Ceramic • Porcelain • Pane glass (window glass) • Light bulbs • Rocks • Metal (Please remove all metal caps and lids; they belong in the Tin container)	 Cans, Tin Plate The proven container system remains for empty cans. These Containers stand next to the glass Containers. Please bear in mind to rinse your empty cans, cleanliness saves from odour. Tin containers are not meant for problem waste (such as paint and varnish remainders in cans). Scraped Metal / Aluminium You can have scraped metal parts picked-up as part of the bulk refuse collection or disposed of at the "Recyclinghof" (Recycling yard) Positions of the glass and tin containers: You can get these information under www.stwab.de or call ☎ (06021) 391 3814.	Fürther Straße 13 and Mörswiesenstraße 55 Recyclable waste is excluded from dumping, so the municipal utility of Aschaffenburg has opened the recycling yards for all described recyclable materials. Following materials can be disposed: • Paper / cardboard • Glass • Pane glass • Metal • Aluminum • Wood • Styrofoam (chips and shaped pieces) • Plastic • Plant scraps • Textiles • Clothes hangers • Cork • Bulk refuse • Construction refuse • Building rubble • Electrical devices • Batteries • Neon tubes • Energy savings lamps Hazardous waste and death pets are only accept at the Fürtherstraße.

Attention:

It is not allowed to put recyclable refuse into the garbage can according to statute and local recycling laws.
In case of contravention the garbage can will not be emptied and become the sole responsibility of the user, who is required to sort the can according to above requirements prior to the next scheduled pick up!

Please consider:

Not all materials are exempt from charges. For some you have to pay the dump or recycling charge.
Charge only against receipt.
Consider the opening hours!
